Factory Worker Wins Habeas Corpus Proceedings and Escapes Being Removed to Asylum

### HELD INSANE BY COMMISSION

Employers and Some Physicians Declare Him Sane—Hartwell Says Family Wanted Him Out of Way

A peculiar case held the attention of the court this morning before Judge Sparks, when the decision of a sanity commission in Justice Steel's court was reversed and Albert Hartwell, who was recently adjudged a person of unsound mind, was discharged and escaped being sent to Madison.

Hartwell filed habeas corpus proceedings late Thursday against Sheriff Hunt, who was preparing to remove him to the Southeastern Indiana hospital for the insane, and the evidence this morning before Judge Sparks was sufficient to show the court that he is not a person of unsound mind.

Hartwell was adjudged unsound mind by a commission in Justice Steel's court some time ago, and the action was preferred, it is said by his wife, and some of the children.

Sheriff Hunt received the papers for his commitment and took him in custody Thursday afternoon, preparing to take him to the asylum, and the court action was filed in an effort to block his removal to the state institution.

Hartwell appeared this morning in court at the hearing and remonstrated against the charge, with the contention in the evidence that his family wanted him "out of the way."

The evidence showed that he is a steady worker, and has not missed a day from his work at the Innis, Pearce furniture factory. Officers from the factory testified concerning his position, and they stated that in their opinion he was of sound mind, and could not hold such a position unless he was of sound mind.

Physicians also were called as witnesses and their opinions differed in many instances. Some contended that he had no signs of insanity, following an examination of him late Thursday. Those on the commission that found him insane, were said to have differed in their opinions, admitting that he was probably mentally unbalanced, due to a mental attitude on sex matters.

Witness stated that he and his wife, together with some of their children, had not been on the best of terms for the past five years. Fourteen children are living, ten of

## JOHN T. MAYSE DIES AT HOSPITAL THIS MORNING

Former Center Township Assessor Expires of Cancer After Illness of Several Months

### FUNERAL TO BE AT RALEIGH

John T. Mayse, age 68 years, a prominently known man of Mays and Center township, died this morning about six o'clock at the Dr. Sexton hospital in this city, where he had been taking treatment for cancer since December.

The deceased was a former farmer of Center township, and in recent years was engaged as a stock trader, and had made quite a reputation in that business. Mr. Mayse resigned a few weeks ago as Center township assessor. He was taken ill last fall, and his condition grew worse, with little hope maintained for his recovery for several weeks.

His wife preceded him in death several years ago. His body has been removed to the home of his brother-in-law, W. O. Frazee, 833 North Harrison street. Funeral services will be held Saturday afternoon at two o'clock at the church in Raleigh, and burial will be made in the cemetery at Raleigh.

The deceased is not survived by any near relatives, leaving the brother-in-law, Mr. Frazee of this city, two nephews, Roy Mayse of Marion and Charley Mayse of Spiceland, and a niece, also of Spiceland.

## GOV. JACKSON COMING APR. 5

Will Address Second of Series of American Legion Meetings

The second public meetings to be sponsored by Rush Post 150, American Legion, was announced today by John H. Kiplinger, in charge of the arrangements, and Governor Ed Jackson will appear here for an address Sunday afternoon, April 5.

The first of these meetings was held last Sunday when former United States Senator Albert J. Beveridge addressed a large crowd. There will be four similar meetings with Governor Jackson appearing April 5, Senator Watson in May, and the fourth speaker to be announced later.

## TOWNSHIPS GET DOG FUND SHARE

Money Realized From Dog Tax, Amounting to \$3,076.65 in 1924, Distributed by Auditor

### 5 PER CENT GOES TO STATE

All Trustees Report with Exception of T. J. Passwater of Ripley—May Retain \$100

Township trustees of Rush county have received from Harry Myers, county auditor, checks which represent the township's share of the dog tax collected during 1924 and distributed on the basis of the number of school children in each township.

The trustees paid into the county the sum of \$3,076.65 and received back \$2,922.82. The difference, which was five percent of the total, was paid to the state, as provided by law. This sum goes to the state hydrophobia fund.

All trustees are required to make a report on their dog fund by the first Monday in March and all trustees, with the exception of Thomas J. Passwater of Ripley township, have complied with this requirement. The distribution was made without his report on file.

The law permits the trustee to retain up to \$100 of the dog tax collected during the past year, and turn the remainder over to the auditor for distribution. Noble and Rushville townships had none to turn over to the county, but made a report to the auditor, and it is presumed that the Ripley township trustee had no money in excess of \$100.

The money is expended during the year by the trustees to pay claims for livestock and poultry killed by dogs within their respective townships.

The amounts paid in and received back by each township in the distribution are as follows:

Township	Paid In	Received
Ripley	\$800.00	\$316.05
Posey	4.00	201.64
Walker	543.00	185.84
Orange	614.00	149.17
Anderson	388.25	203.54
Rushville	000.00	214.91
Jackson	225.00	93.55
Center	423.00	129.58
Washington	185.00	163.08
Union	483.00	197.85
Noble	000.00	148.54
Richland	211.40	112.51
Rushville City		806.56
Totals	\$3,076.65	\$2,922.82

## 2 MEN SHOT, WOMEN BEATEN

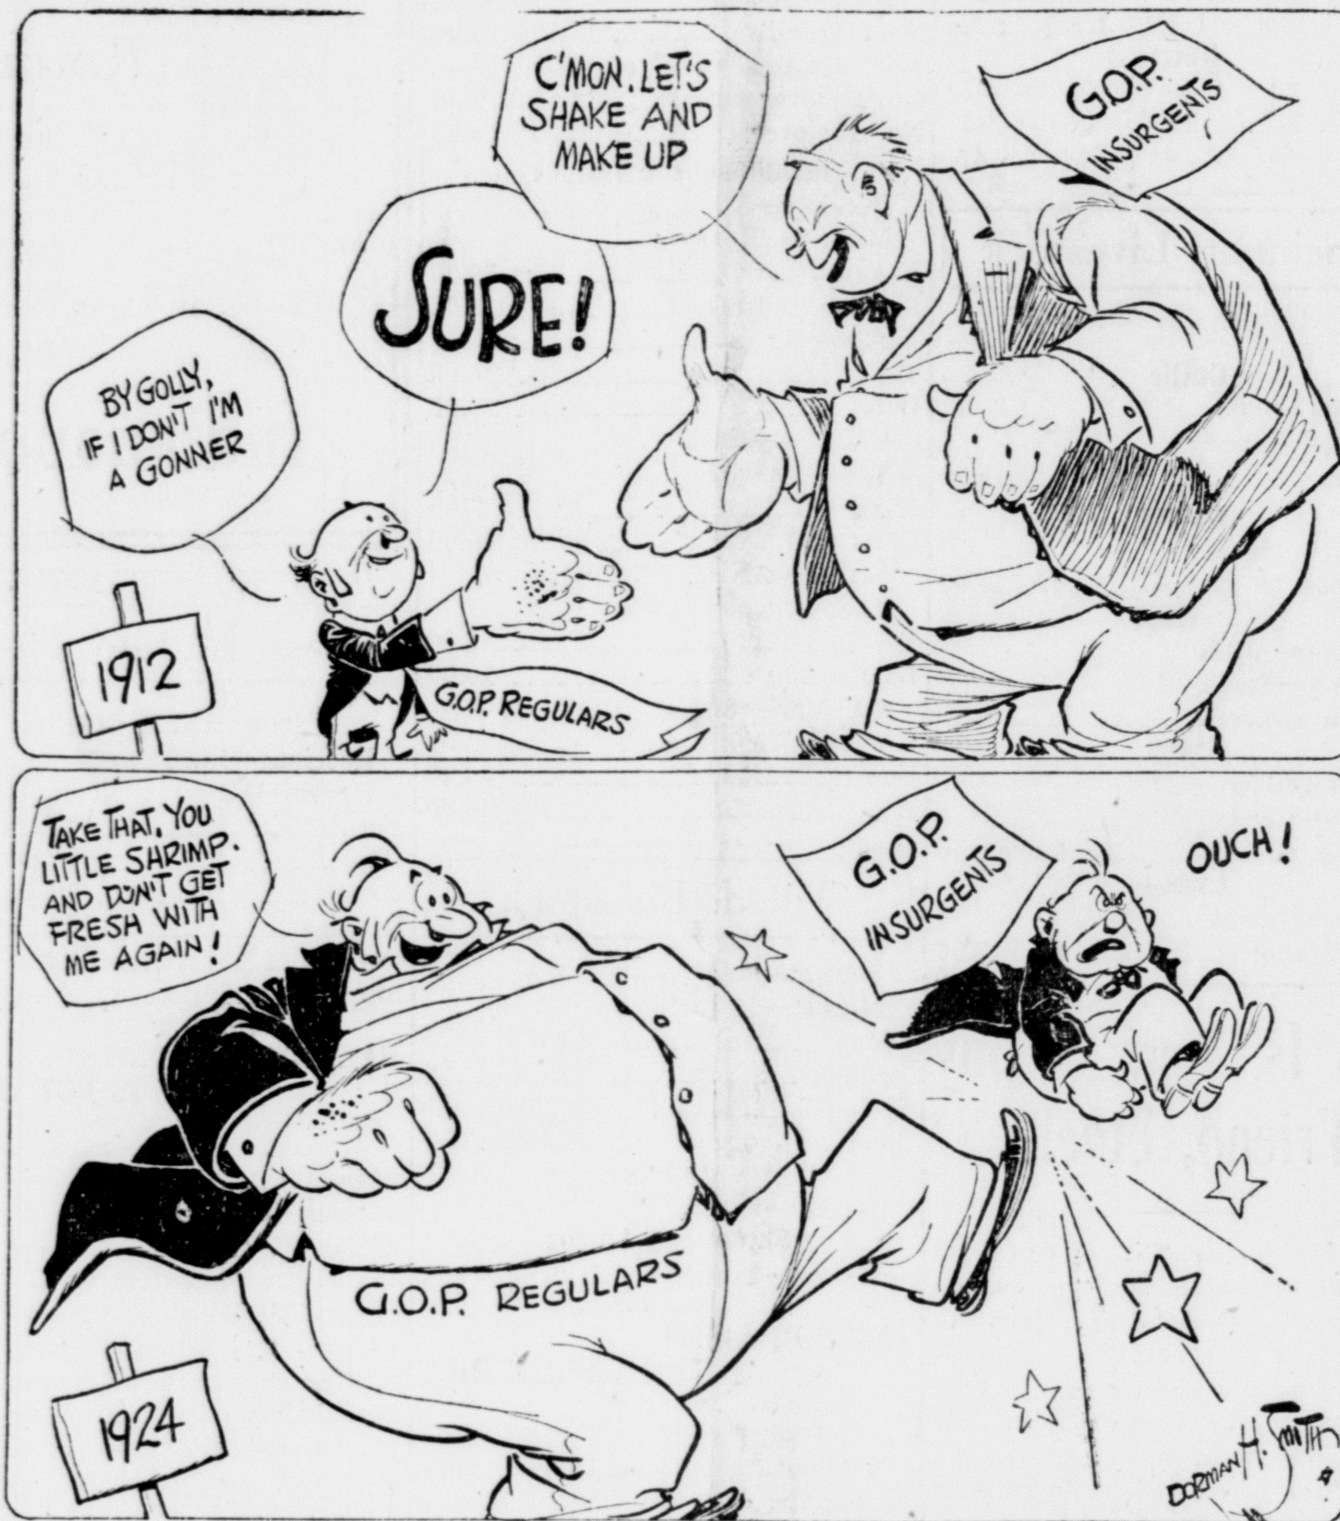

Bank Robbers Escape With \$10,000 in Cash at Tuckahoe, N. J.

Tuckahoe, N. J., March 13—Two men were shot and the wife of a bank director beaten by three men who held up the Tuckahoe National Bank shortly before noon today and escaped with cash estimated at \$10,000.

One report said a girl was with the robbers.

Edward Wright, cashier, was shot in the head and James Thomas, bank director, who was in the bank with his wife, was also shot. Mrs. Thomas was beaten when she screamed for help. The men fled in an automobile after an exchange of shots with police and townspeople.

## GEORGE BILLINGS BEING RETURNED TO NEWCASTLE

Former Union Township Farmer Will Face Charge of Giving False Information to Bank

### ACCOMPANIED BY WEBSTER

(By United Press)

Detroit, Mich., March 13—George F. Billings, 35, former wealthy farmer of Rush county, Indiana, who was arrested here Saturday, was leaving today with H. C. Webster, superintendent of the Indiana Bankers Association, to return to Henry county, Ind., where he is wanted on charges of swindling.

According to Webster, Billings swindled six Indiana banks out of \$44,200 and took \$17,000 in Liberty bonds from his mother's safety deposit vault in Rushville.

The prisoner had been a fugitive almost a year.

Information was received here Wednesday to the effect that Billings would be brought back to Newcastle to answer to a charge of giving false information in order to obtain credit at a bank in Lewisville, Henry county.

A similar charge has been filed, it was learned, before George Clark, Center township justice of the peace, by the Mays National bank, but Billings was arrested on the Henry county charge.

Billings lived in Union township and took an active part in farm movements and in politics.

### NEWCASTLE MEN CHOSEN

Indianapolis, Ind., March 13—Twenty-eight prominent persons were chosen today by Zacariah T. Dungan, state director of the U. S. Good Roads association, to be elected to life membership in the body. The election will take place at the annual convention at Houston, Texas, April 21 to 25. The list includes Walter Chambers and Will Goodwin of Newcastle.

### GRAIN PRICES CRUMBLE

Chicago, Ill., March 13—Grain prices on the Chicago Board of Trade today crumbled in one of the biggest breaks of any single day since the war. May wheat was the heaviest sufferer closing at from \$1.67 to \$1.66½ compared with a close of \$1.81½ yesterday.

### ALMOST INSTANTANEOUS

Marion, Ind., March 13—George Dicken, 81, farmer, climbed on top of an acetylene tank in an outbuilding at his farm and lit a match. Death was almost instantaneous.

## THREE LOCAL STUDENTS AWARDED CERTIFICATES

Eight Weeks' Course in Agriculture and Home Economics Closes at Purdue Today

### AN ADDRESS BY T. A. COLEMAN

(By United Press)

Three Rush county men were among the fifty-two receiving certificates at Lafayette today for having completed the special eight weeks' winter course in Purdue university.

The closing exercises were held at 9:30 o'clock this morning in the Purdue home economics auditorium and the address was made by T. A. Coleman, assistant director of agricultural extension, and a former Rush county farmer.

Rush county men receiving certificates were Iden Hungerford, son of Mr. and Mrs. Elmer Hungerford, living southwest of Rushville in the Big Flatrock neighborhood; John L. Stark, son of Mr. and Mrs. John Stark living west of Rushville, in Posey township near the Rushville-Posey township line, and James R. Lovejoy of Falmouth.

Mr. Coleman spoke this morning on "Opportunities in Agriculture" and the certificates were presented by Dean J. H. Skinner of the School of Agriculture.

There were five different divisions in the winter course and the Rush county students were enrolled in the general agriculture course.

## RICHLAND FARMERS GIVE HOMER PROGRAMS

Present Two Short Plays at Monthly Meeting of Walker Township Farm Bureau

### A QUARTET AND READINGS

The Richland Township Farm Bureau provided the program at the regular monthly meeting of the Walker Township Farm Bureau, which was held at the Homer school building Thursday evening, and was assisted by a Walker township quartet.

The quartet, which was composed of Marshall Krummes, Emmo Hurst, Alva Hurst and Frank Willis, gave three numbers, and the Richland township visitors presented two short plays, "The Assessor," and "Not a Man in the House." There were also several readings by Miss Mary Evelyn Cook of Richland, which were very much appreciated.

Harold Bell took the part of the farmer in "The Assessor," and Howard Spencer was the Assessor. Mrs. Charles Spencer was the Farmers' wife and Cecil and Ruth Pike were the children. The cast for "Not a Man in the House" was composed of Mrs. Robert Humphrey, Mrs. William Scott, Mrs. Charles Fisher, Mrs. Arthur Browning and Miss Mary Wilson.

Both plays were well received and the evening was greatly enjoyed.

## TWO ASSOCIATION MEETINGS

Parent-Teachers' Organizations in Session at Raleigh and Glenwood

Two township parent-teacher's association meetings were held in the county Thursday evening at Raleigh and Glenwood.

Birney D. Farthing, county superintendent of schools, and A. L. Gary, Rushville attorney, who served as county superintendent several years ago, were speakers at the Washington township meeting, which was held in the Raleigh school auditorium. A feature of the program was the performance of Avis Scott, daughter of Mr. and Mrs. Benton Scott, who sang and also performed the unusual feat of dancing to her own piano accompaniment.

Miss Alice Piersol, county supervisor of music, sang at the Glenwood meeting.

## JACKSON SIGNS THE LAFUZE BILL

Measure Provides Half Mill Tax Levy for Reforestation of Indiana Wasteland

### MOTOR LICENSE BILL TO FAIL

Technicality Causes Hitch in Governor's Consideration of it—May Revert to 1921 Law

(By United Press)

Indianapolis, Ind., March 13—Governor Jackson today signed the LaFuze bill providing a half mill tax levy for reforestation purposes.

The bill was sponsored by the state department of conservation in the legislature just closed. As originally introduced the bill provided for a two million dollar levy, it will leave approximately \$25,000 to be spent on planting trees on Indian wasteland.

Governor Jackson may be unable to sign the LaFuze bill licensing motor vehicles on the weight-horse power basis and broadening the law's scope on persons who flee from automobile accidents, it was indicated today at the statehouse.

A technicality caused a hitch in the governor's consideration of the bill and it was turned over to the attorney general's department. There it was said that the bill as passed might exempt buyers of new automobiles between now and the first of next January, when the new schedule of license fees would go into effect.

The measure carries an emergency clause but since the new schedule does not become effective until next January, no provision is contained for machines brought in the interim.

Effect of failure to sign the bill would be to revert to the license provisions of the 1921 act. The 1921 act on the subject was declared unconstitutional by the supreme court.

While the LaFuze bill rearranges the schedule of license fees on various classes of motor vehicles, it is said that collections under the 1921 act would be approximately the same.

Approximately 40 bills passed just before adjournment of the legislature were still awaiting action by Governor Jackson today.

## WARREN REJECTED BY THE COMMITTEE

Republican Leaders Apparently Lose Hope After Adverse Report by Judiciary Committeemen

### VOTE IS 9 TO 7 AGAINST

Senate Leader Curtis Says Large Group of Senators Feel Senate Should Adjourn Saturday

(By United Press)

Washington, March 13—With the nomination of Charles B. Warren as attorney general again rejected by the senate judiciary committee, republican leaders apparently lost hope today and a movement was started to force a final vote by tomorrow night and adjourn.

The judiciary committee voted 9 to 7 to present an adverse report on the nomination to the senate council selling its rejection by that body.

In view of this preliminary defeat at the outset and to the fact that opposition to Warren seems unchanged despite the pressure from the White House, some republican leaders saw no reason to drag out the controversy in a prolonged parliamentary fight.

Senator Curtis, republican generalissimo, announced that a large group of senators felt the senate should dispose of the nomination and adjourn finally Saturday.

Curtis feels sure, however, that he can keep a quorum present next week and is undecided what to do. Several leading adherents of Warren having pressing business elsewhere next week and said they may be forced to leave, thus weakening the defense.

The committee session lasted only about an hour. Senator Thomas J. Walsh, Democrat, raised the question of the president's constitutional right to resubmit a cabinet nomination to the same senate that previously repudiated it.

But he did not press for a decision in the committee. He will raise this issue on the floor.

The line-up in the committee was: For Warren (Republicans 7—Cummings, Iowa, chairman; Ernest, Kentucky; Spencer Missouri; Means Colorado; Harrold, Oklahoma; Deened, Illinois; Gillette, Massachusetts).

Against Warren (9), Republicans 2—Borah, Idaho; Norris, Nebraska; Democrats (7)—Overman, North Carolina, Reed, Missouri; Ashurst, Arizona; Walsh, Montana; Caraway, Arkansas; King, Utah; Neely, West Virginia.

The full membership of the committee was present.

## IMPLICATES OTHERS IN LOCAL STORE ROBBERY

Paul Woodruff, Age 23, of Connersville, Under Arrest There, Accuses Companions

### ADMITS CONNERSVILLE THEFT

The robbery of the Knecht Clothing store and the Ben A. Cox Shoe store, which occupy a room jointly, is being solved, according to a dispatch received today from Connersville, where Paul Woodruff, age 23, of that city is in jail, and has implicated others in the local robbery.

Woodruff, according to Connersville officers, has admitted robbing the Rem-Bu Sporting Goods store in that city last week, and also a barber shop over there about the same time. He implicated companions, and told the officers that they had entered the store in this city early last Saturday morning. He denied being with them over here.

Woodruff told the officers that some of the loot had been hidden, in all instances at Shelbyville, and officers of that city were making a search. Some of the \$500 worth of goods taken in the sporting goods store, has been recovered. Further arrests were expected to be made shortly. At the local store only a small amount of merchandise was reported to have been stolen, but word from Connersville stated that the local robbery was probably larger than first reported.

## VALUE OF APPROVED SEED CORN SHOWN

Corn From Approved Seed (On The Left) And Corn From Rejected Seed On The Right

A Johnson county farmer brought corn to the testing plant in Franklin after he had carefully examined it with his knife. When he planted this corn he was able to plant all but a few rows on one side of the field with corn which passed the test. He planted the remainder with rejected seed.

As shown by the picture there was 16.4 percent more good corn shucked

from the good seed. Also the good seed yielded 11.88 bushels more corn than the rejected seed, although little difference could be noticed by passing through the field.

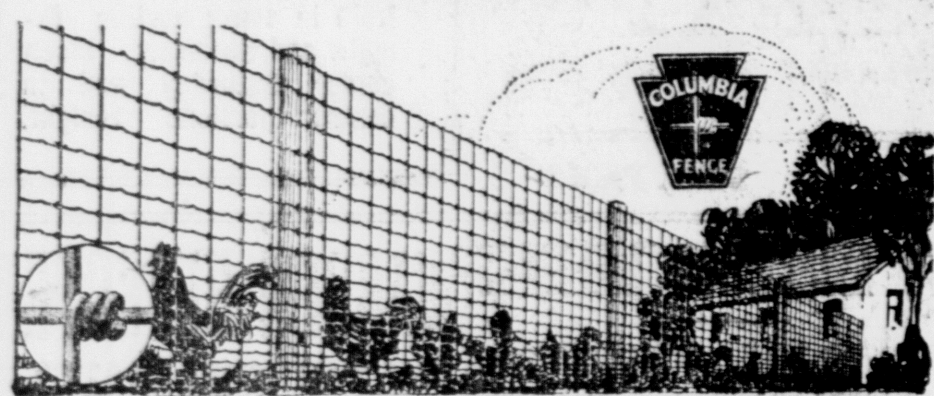

Secretary Scott of the Johnson County Farm Bureau and County agent Williams of Johnson county will give their experiences in their seed corn testing work at the court

room Saturday afternoon. All the meeting.

They are bringing one hundred and eighty demonstrating ears which show weak vitality. They will also unroll modified rag dolls and show how these same ears show up in the test.

This will be a splendid opportunity for Rush county farmers to learn some of the outward characteristics of ears which show weak vitality.

## This Fence Lasts Longer Here Is the Reason

Columbia Super Zinced Fences are armored against rust by the heaviest coating of zinc that can be successfully applied to wire.

A special formula of open hearth steel is used, and by an improved process the zinc is so closely bonded to the wire that it will not crack or peel.

A good fence will save money because it takes only the same amount of posts and labor, and will give many years more of satisfactory service.

The affair was unusual because of the circumstances involved, with a man of 51 years of age sent to the asylum, and with physicians having a wide difference of opinions concerning his sanity. The man responded apparently to all questions promptly and gave reasonable answers to each of them.

A complaint has been filed by Margaret Brown and others against Martha Brown and others in the circuit court. The action being a suit to partition 158 acres of land, which cannot be divided unless sold, and the cash distributed.

### Eczema

Oh! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights where eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy—undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red-blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## ARGUMENT ON A CRUCIAL POINT IN OIL LEASE CASE

Admissibility of Bank Records Showing

### IS "HEARSAY EVIDENCE"

Federal Court Room, Cheyenne, Wyo., March 13—Argument over one of the crucial points thus far raised in the Teapot Dome suit—whether bank records and statements relating to alleged financial transactions involving Albert B. Fall, former secretary of the interior, and Harry F. Sinclair, shall be admitted as testimony—was begun by government counsel today.

Counsel for the Sinclair interests objected to the introduction of such testimony on the ground that it was "hearsay evidence" and had no bearing on the present suit in which the government is attempting to break the lease of the Mammoth oil company on the Teapot Dome oil reserve on the ground that it was obtained through fraud.

The evidence in question is admittedly of an important nature as government attorneys were prepared to make a hard fight for its admission over the defense objection.

John W. Lacey, veteran Cheyenne attorney and leading counsel for the Mammoth Oil Company, argued against admission as evidence the records of the First National of Pueblo and the First National Bank of El Paso containing Fall's account. Lacey held that parties involved

### WESLEY M. E. REVIVAL

The Rev. F. R. Arnold used for his text at the Wesley M. E. church revival Thursday evening Gen. 5:22, "And Enoch walked with God." The subject was "Walking with God."

Some points of interest were, "Enoch had fellowship with God. Enoch was in harmony with God and his life was the recipient of an imperishable crown," said the speaker. The subject for tonight will be a "Wonderful Saviour." The public is cordially invited to these services.

In these accounts had no connection with the Mammoth's company's case and that the evidence in question involved no transaction of the company.

New York—Washington, Wisconsin and California may be entered in the intercollegiate rowing championship over the four mile Hudson river course at Poughkeepsie on June 22, according to stewards of the associations.

## A Separate Gymnasium

The impression is growing that a  
community building with a gymnas-  
ium for Rushville high school to  
play its basketball games, would not  
be at all satisfactory, and that the  
only solution of the problem is the  
erection of a gymnasium entirely sepa-  
rate from a county building.

At first blush, the proposal that a  
community building be made to serve  
the needs of the high school athletic  
activities, seemed to be the solution  
of the gymnasium question, but the  
more it is being discussed, the more  
certain it is becoming that both  
buildings can't be covered with one  
roof.

It developed in the discussion of  
the question by the county commis-  
sioners, the city council, the city  
school board and judge of the cir-  
cuit court, that the Rushville high  
school could not be given any as-  
surance that it could have the use of  
the gym for its regularly scheduled  
games.

There are twelve other high schools  
in the county and all of them would  
have the privilege of using the gym-  
nasium, if it were built by taxation  
with the county as a unit. They  
would naturally expect to exercise  
this right, especially when they had  
a particularly strong team that would  
draw well.

The Rushville high school would  
not be improving the situation by  
depending on a gymnasium and then  
discovering it would not be avail-  
able, which would make necessary a  
return to the old gym.

Rushville high school has a hard  
schedule for next year, with many  
teams that have state-wide repu-  
tations, and unless a good playing  
floor is provided, Rushville will have  
small chance of scheduling this  
class of teams in the future.

Rushville school city has a site in  
the Stewart and Stewart addition  
that could be used, and the cost of  
a gymnasium would be considerably  
reduced on this account.

Those who are interested in seeing  
the Rushville basketball team housed  
in a new gymnasium next season and  
who likewise feel the need of a com-  
munity building in Rushville, would  
like to see the matter settled and a  
program outlined. Everyone is mark-

ing time and nothing is being ac-  
complished.

Sentiment for a gymnasium has  
been shown here, with approximate-  
ly \$5,000 raised on one canvass of  
the city, by selling season tickets at  
\$10 each. There are many men who  
have publicly declared they will con-  
tribute money towards a new gymna-  
sium. The time is here to make  
the effort, it now appears.

This should in nowise stand in the  
way of a community building. The  
people of Rush county, which means  
residents of Rushville too, can go  
ahead with this project with a bond  
issue and a double service of pro-  
viding a public auditorium and at  
the same time a suitable memorial to  
Rush county world war veterans will  
be performed.

## More Income Tax Reductions

It is more than likely that the  
income taxes paid by the people of  
the nation will be cut next year. This  
result can be accomplished if the  
suggestions of President Coolidge to  
Congress, and the heads of the differ-  
ent departments of the federal  
government are carried out to the  
fullest extent. It would mean that  
the income tax rates now in force  
would be cut at least 25 percent for  
next year, by a bill which will be in-  
troduced at the early part of the  
next session of Congress.

President Coolidge has had several  
conferences with Representative  
Martin Madden, chairman of the ap-  
propriations committee in the House  
in regard to the matter and Mad-  
den is confident that if Congress will  
back up the President the cut in  
income taxes for next year can be  
accomplished.

An interesting sidelight into the  
matter of appropriations this year  
is that by heeding the President's di-  
rections, appropriations \$8,000,000  
below the budget's estimates, were  
passed at the last session of the  
68th Congress; put in plain language  
this means that even with the figures  
of the budget taken as a basis, Con-  
gress, at the direction of the Presi-  
dent, has saved \$8,000,000 more of  
the tax-payers' money than was  
hoped for at the beginning of the  
session. It is also of interest to note  
that during the past four years Con-  
gress has spent \$350,000 less than  
was proposed.

At the next session of Congress  
Madden will call up his resolution  
which would result in making income  
taxes automatic. This plan would do  
away with continuous income tax  
legislation, although in an emergency  
Congress would have the power to  
repeal the act. The plan would mean  
that when the Treasury had a sur-  
plus of over \$50,000,000 a propor-  
tionate automatic decrease would be  
made in everyone's income tax.

It is known that President Cool-  
idge has for some time been having  
an extensive survey of government  
financial conditions made, as he is  
determined not only to save the tax-  
payers' money but to cut off all  
needless expenditures; all of which  
means the carrying out of his prom-  
ise to the people that whenever pos-  
sible federal taxes would be lowered.

## The Hodge-Podge

By a Paraphraser with a Soul

Shopping to most women is like  
fishing to fishermen — they have a  
lot of fun out of it whether they get  
anything or not.

Some men still carry a bottle opener  
on their key-ring for the psychological  
effect.

Too often fine clothes are not so  
much to satisfy the vanity as to excite  
the envy of others.

Queer, isn't it, that the things you  
want to know are the things your  
friends never tell you.

## Hunt's Washington Letter

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—Extremes of  
temperament and personality  
are exemplified by Calvin  
Coolidge, president, and Charles G.  
Dawes, vice president.

This is strikingly illustrated by a  
comparison of the inaugural ad-  
dress of Coolidge, when he was in-  
stalled as vice president four years  
ago, with the address of Dawes,  
which set the Senate by the ears  
when he took office last week.

Coolidge, in a repressed, quiet,  
brief address, sold in substance  
that he recognized the Senate's  
right to make its own rules and or-  
der its own procedure, and that he  
would confine himself to an impar-  
tial administration of those rules.  
Dawes, vehement, irascible, the-  
atrical, read the Senate a lecture  
and served a warning.

THE answer to the Dawes criti-  
cism was the prompt submis-  
sion, by Senator Underwood,  
Alabama Democrat, of an amend-  
ment to cure the ill of which  
Dawes most bitterly complained,  
namely unlimited debate.

This was done to put the burden  
of responsibility for failure to  
amend the rules along the lines  
suggested by Dawes up to Dawes'  
own party, the Republicans.

The fact is, of course, that a  
rule putting the lid tightly on Sen-  
ate debate is no more desired by  
the leaders of the Republican

majority than it is by the Demo-  
cratic minority.

In the present situation, with  
Republicans in control, the exist-  
ing rules do enable Democrats to  
filibuster. But the "ins" recog-  
nize that sooner or later they will  
be the "outs" and when that time  
comes the advantage of unlimited  
debate may be a life saver for them.

Republicans, in fact, more often  
than the Democrats, have invoked  
the filibuster as the means of  
blocking legislation.

The historic filibuster against  
the Wilson shipping bill, which  
kept the Senate in session day and  
night for a full two weeks, with  
members sleeping on cots in the  
corridors and anterooms, was a Re-  
publican filibuster.

So was the most famous one-  
man filibuster, when Senator Bur-  
ton held the floor for more than 40  
hours to defeat a Democratic river  
and harbor bill.

Senator La Follette, as a Republi-  
can, was one of the G. O. P.'s prized  
filibusters.

MUCH more probable solution  
to the problem pitchforked  
into the Senate by Dawes is  
the proposal of Senator Norris to  
convene the Congress yearly on  
Jan. 1.

This would serve a double pur-  
pose. It would end the present  
practice of having a session of  
Congress, following elections, in  
which many members defeated for  
re-election continued to sit, and it  
would end the "short session."

When you are riding along a  
country lane and she takes off her  
hat it's time to smoke your pipe.

Have you noticed the scarcity of  
men's tie pins? It's because the  
women don't like to be bald headed.

Lots of times a man thinks a girl  
is crazy about him because she can't  
get a date with anybody else.

Style hints for the future predict  
women may go without everything  
except money.

Love is blind, especially love of  
liquor; so is the lover after drinking

## SOLITE

(REG. U.S. PAT. OFF.)

### A PERFECT GASOLINE

Solite is superior to any high-test gasoline you have known. It has all the snap you have had from light gasoline—and more; it has power, too, because Solite drives the piston the full stroke under power—yet it costs less than ordinary high-test gasoline.

It lends a leaping response to your motor. It burns clean.

Solite is companion to our world-famous Red Crown Gasoline, each filling a definite need.

Red Crown is for the man who wants maximum power at minimum cost. For this purpose it has no superior.

Solite is for the man who wants a little quicker action and is willing to forego extreme economy and pay a little more to get it.

## MUDDY COMPLEXION GOES WITH BAD STOMACH. DI-JO REMEDIES THE CAUSE

A strong, healthy appetite, a fine complexion, good health and a strong body go with a healthy stomach. If your food isn't giving you strength, if your face is puffy and you have a muddy complexion there is something radically wrong, and the probabilities are that it may be your stomach.

You eat food merely to keep the body going and if that food imparts strength to the body then it is doing its work well. But if your stomach is sour, if there is gas on the stomach, if you feel languid and tired after eating, if you have gas pains about the heart, THEN LOOK OUT.

DI-JO ORDINARILY WILL CORRECT THIS CONDITION. It neutralizes the over-acid condition of the stomach. It helps the stomach to

take care of the food and strengthens the digestive juices so that instead of your food remaining there, a mass of undigested garbage, it is quickly and properly digested. Of course you don't have to take DI-JO forever, but you will want to take it until the stomach regains its normal condition and until it can do the work it is supposed to do. DI-JO merely steps in and fills the gap while the stomach rests.

If the bowels are lazy you should take DI-JO in connection with DI-JO but only for a limited time because in a few days the normal condition of the stomach will make the use of a laxative unnecessary.

You will find DI-JO and DI-JO for sale by all druggists.

TOMORROW IS JUST ONE STEP NEARER TO THE STATE TOURNEY—DON'T FALTER!

The Lions have the stuff to put across two wins at Richmond. Beat Freetown, and then subdue either Shelbyville or Columbus at night. The night game is at 8:30 and that is a lucky hour for the Lions. They are not playing any certain raise this time.

Rushville downed Columbus in one regional a few years ago. History is going to repeat.

Today is Friday the thirteenth, and no basketball game scheduled. Wonder if that is the reason they didn't start the regionals today?

### LAST CALL FOR TICKETS

Early Saturday morning the machines will be leaving Rushville for Richmond. Today was the last opportunity to purchase season tickets from Mr. Butler, as he leaves in the morning at six o'clock.

### Special Train Leaves Early

Plans for the special train were officially announced here today. The fare from here is placed at \$2.10 for the round trip. From Columbus, which is as far from here, as Richmond, the fare was \$2.50, and local people were of the opinion that the railroad company was unloading the burden here, making it only 40 cents difference from Columbus. The train as planned, leaves Columbus at 6:30 in the morning, arriving here at 7:35 o'clock. This was considered too early for most fans, because of the little interest in the two morning games. Returning leaves Richmond at ten o'clock.

The coach down at Franklin caught three of the team members smoking last Sunday and fired them. After they apologized, they were admitted back into the squad again Tuesday. And Franklin must meet Martinsville in the regional! This sorta looks like the boys were losing confidence.

### COME ALONG, RUSHVILLE!

Now comes word from Greencastle that they are to have a new gymnasium erected there for the use of the high school. The building will be put up during the summer at a cost estimated at \$75,000. It will be modern in every particular.—Shelbyville Republican.

Short Passes on the Greensburg News passed out with the defeat of his team by Shelbyville. After tomorrow there might be a great many more drop off the list.

### POSSIBLE, NOT PROBABLE

It's going to be wash day for Washington on Friday, next week. Watch the Trojans use the ringer on 'em.—Newcastle Courier.

### Freetown Turns Out Some Mighty Fine Players

Freetown, a little southern Indiana team won the tourney at Seymour last week. Many fans in Hoosiertown declared that they had never before heard of the place. Watching the Fools is ready to testify that they build basketball players there. The Debut brothers, who have kept the Bull Brothers quiet undefeated in the Industrial League for two consecutive years, come from there. T. Bebout who played on the Bearcat state finalist crew in 1923 is one of them and before coming here was a Freetown high school star.—Muncie Press.

### EASY, JUST WAIT AND SEE

Providing Shelby high takes Columbus down the line in the afternoon game, the locals will hook up again Saturday night in the last regional game. The winner of the Rushville-Freetown clash. That should be easy after the first one is out of the way.—Shelbyville Republican.

### A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

### ONLY TIME WILL TELL

B-B Shot in the Marion Chronicle says that "We believe Columbus will handle Rushville at the regionals before the state tourney time arrives but in case the Rush lads do get there, Marion will put a mighty sudden quietus on their tourney aspirations. It looks very much like Marion will get a crack at the Vincennes Alices ere the sun has set many more times."

Then the Vincennes Sun offers some comment, like this:

Oh, ho, Rushville says that Vincennes won't get to play Marion in the second game of the finals at Indianapolis. Rushville figures on defeating Shelbyville or Columbus in the regional and then defeating Marion in the first game at Indianapolis. Oh well, bring on them Lions, we're the demure little Alice who shall lead them.

### We Got His Number, George

Columbus has a forward named Schinnerer whom they say is so darn fast that no guard can stop him. He's not such a dead eye Dick on field goals but does convert the foul throws into points for the Bull Dogs. Rushville and Shelbyville—please take notice.—Vincennes Sun.

### GALLONS OF INK USED

An editorial in a newspaper down at Washington declares that the Washington team defeated Bedford, but it required good playing, and about 341 columns of newspaper space to do it. That is correct, all they said before the game, would reach for at least a mile, but if that has anything to do with, then they will win the state sure.

### Always Good Policy Not To Celebrate Too Soon

Down at Greensburg, the fans piled up a quantity of logs in the public square, Saturday morning, ready to celebrate the winning of the sectional that night. Shelbyville downed Greensburg in the finals, and now they're wondering what to do with the timber.—Muncie Press.

The Press Box, Kokomo, issues a warning like this, which is indeed a good thing: REMEMBER ANDERSON! THEY THOUGHT LAPEL WOULD BE EASY PICKIN'. DON'T LET ANYONE SNEAK UP ON YOU.

### Last Minute Things That Must be Remembered

Freetown is a dark horse. C. Sprague, floor guard, is their star player. A slip now, means a long rest. We have defeated Columbus, and can do it again. Halves are only 15 minutes. Strong defense will win. Then on to the state.

### THANX, CARTHAGE!

"GOOD LUCK ON YOUR JOURNEY, RUSHVILLE." — The fair sport fans of Carthage—Carthage Citizen.

# Sawdust and Gasoline

We know a farmer who is extremely particular about the food he gives his live stock, for they are all thoroughbreds, and he is inordinately proud of them. He insists on brands of feed that will keep them in excellent physical condition, fit and vigorous for the work he expects of them.

His car's a thoroughbred too, of a make that has international respect and admiration. And yet — when he goes to buy gas or oil for that car he merely stops at a filling station — any filling station, you understand, and says briefly, "Fill 'er up." It has never occurred to him that the mechanism of his car is delicate and even fastidious, and that mongrel oils and gas are seldom of a desirable quality. And when his car coughs and complains he clenches his fists and swears.

Funny, isn't it? The thoughts of feeding sawdust to his favorite horse would almost induce apoplexy. Why shouldn't he feel the same way about the gas that goes into his expensive car?

WHAT KIND OF GAS DO YOU USE?

### THE ROARIN' LIONS

By OTTIS CRAWFORD

Hark, to the following story Which I am about to relate. About the Roarin' Lions achieving the glory Of being the best in the state.

They have proved it quite often this season

And now that the goal is in sight I can't think of one single reason That'll keep 'em from winning next Saturday night.

Of course they've lost a game or two But what can one expect And you'll soon see I'm telling you Some things that are correct.

They always play fast basketball They're swift upon their feet, And that's the reason one and all Declare they're hard to beat.

We know the team has won a name Of which it should be proud, For every time they play a game, They always draw a crowd.

They have a style of playing Their opponents cannot stop, And there is no use in saying That we hope they reach the top.

Of course there are some other teams,

We must not under-rate, But somehow it almost seems The Lions ought to win the state.

Never think you'll be defeated, When you go up there to play But be glad you have competed In a scientific way.

Just to help prove out the theory That you win the fans applause By making your opponent's leery Of the Roarin' Lions claws.

services of Monroe Gloschen at Brookville Sunday afternoon.

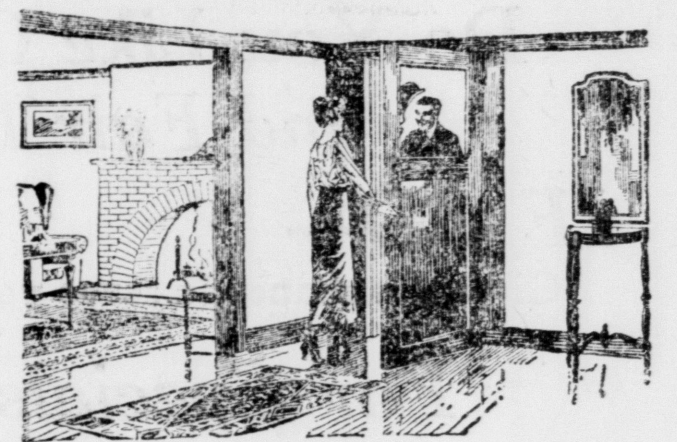

Mr. and Mrs. Wallace Cook spent Saturday with Mr. Cook's parents, Mr. and Mrs. Oscar Carroll of Rushville.

Mr. and Mrs. Arthur Browning and family and Miss Mary Wilson attended the play at New Salem Tuesday night.

Mary Frances, daughter of Mr. and Mrs. Frank Tilley, is ill at her home with the mumps this week.

Joe Fey attended the funeral services of Monroe Gloschen of Milroy Sunday afternoon.

**DAY OF GRACE**  
Washington, Mar. 13—You have until March 16 this year to file your income tax return. The legal date, March 15, comes next Sunday, so the day of grace is added by law, treasury income tax experts said today.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained Tuesday afternoon at 2:30 o'clock in the church parlors.

Miss Margaret Doman's Class in Literature will meet Saturday afternoon at 2:45 o'clock in the Assembly room of the court house.

The Worker's Conference of the Main Street Christian Bible school will be held Sunday afternoon at 2:30 o'clock in the church parlors. The subject for discussion will be "Better Teaching."

Mrs. Floyd Kirklin entertained the members of the Wednesday Afternoon Bridge club and other guests this afternoon, complimentary to her sister-in-law, Mrs. Lawrence Clark of Cambridge City, who was recently married.

Mrs. Noley Newkirk of this city was a guest at the meeting of the Calthe Society of Connersville Wednesday afternoon, which was held in the K. of P. hall in that city. The hostess were Mrs. S. A. Wilkison and Mrs. Harry Flint.

Miss Helen Leisure, daughter of Mr. and Mrs. Muriel Leisure of Center township, and Ray Hunsinger of Mays, son of Mr. and Mrs. George W. Hunsinger of Laurel, were united

in marriage Wednesday afternoon at the St. Paul's Methodist parsonage, the Rev. H. W. Hargett performing the ceremony. The single ring service was used.

Miss Della Rea was hostess Wednesday evening to the members of the Commercial Club of the high school, at her home in West Fifth street. An important business session was held during which matters pertaining to the club were discussed. An informal social period was enjoyed after the meeting during which delicious refreshments of sherbert and ice cream were served.

The Cross Country Club was delightfully entertained Thursday afternoon with a prettily appointed one o'clock luncheon by Mrs. Oliver Mock and Mrs. Raymond Gartin at the home of the former north of the city. The afternoon was spent socially. The next meeting will be held next Friday evening, March 20, at the home of Mrs. Oscar Newhouse, when she will entertain the members and their families.

Mrs. Earl Gregory delightfully entertained the members of the N. B. B. club and one guest Thursday afternoon at her home on North Oliver street. The color scheme used in the decorations were green and white, suggestive of St. Patrick's Day. Games and contests were the entertaining features of the afternoon and delicious refreshments were served. The next meeting will be held with Mrs. Marie Dudgeon at her home in Indianapolis.

The Woman's Home Missionary Society of the St. Paul's Methodist Episcopal church met at the home of Mrs. Homer Powell, corner of Morgan and Seventh streets, Thursday afternoon and enjoyed a splendid program. Mrs. Bodine conducted the devotional period and Mrs. John Jordan gave the lesson study and was also leader of the program. O. P. Wamsley sang a solo and a duet was rendered by Mrs. C. A. Dugle and Mrs. Moore, accompanied on the piano by Mr. Wamsley. Dainty refreshments were served to the members at the close of the business session.

**Are You One of the 98%?**

Recently the Lydia E. Pinkham Medicine Co., of Lynn, Mass., sent out over one hundred thousand questionnaires to women who had used Lydia E. Pinkham's Vegetable Compound, asking if they had been helped by its use. From the replies received 98 percent of women, from all walks of life, answered in the affirmative, telling how they had been relieved from the various ailments for which they had taken it. Isn't this a wonderful recommendation for the efficiency of this old-fashioned root and herb medicine.

GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. Mayr's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach is to try this remedy. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. #### Extraordinary Picture

Douglas Fairbanks' glorious fantasy of the Arabian Nights, "The Thief of Bagdad," is the attraction at the Princess. This photoplay, according to all accounts, surpasses anything heretofore seen on the screen. This extraordinary picture has upset the equilibrium of the critics in every city in which it has been presented. It is the crescendo photoplay. It is a fantastical story of love and adventure, laid in an imaginary world of fancy, abounding with amazing happenings, and what critics generally have called unbelievable wonders. If you still believe in love, if adventure still stirs you, if you like your heart to miss beats in ecstatic moments of exciting suspense, if you enjoy the surprise of seeing things that heretofore you thought were impossible—here in "The Thief of Bagdad" are all these things, in the background of beauty and splendor. In this picture, a Winged Horse flies up to and through the clouds, a Magic Carpet soars over the housetops and into the sky; wonder after wonder, surprise after surprise, are here revealed in amazing abundance. To depict such happenings on the screen has never been considered within the bounds of possibility. This crowning achievement has been accomplished by Douglas Fairbanks. It has received the highest endorsement that any picture has ever received.

#### Double Bill at Castle

"The Last Man on Earth," an amusing story of life in 1950 opens at the Castle theatre today.

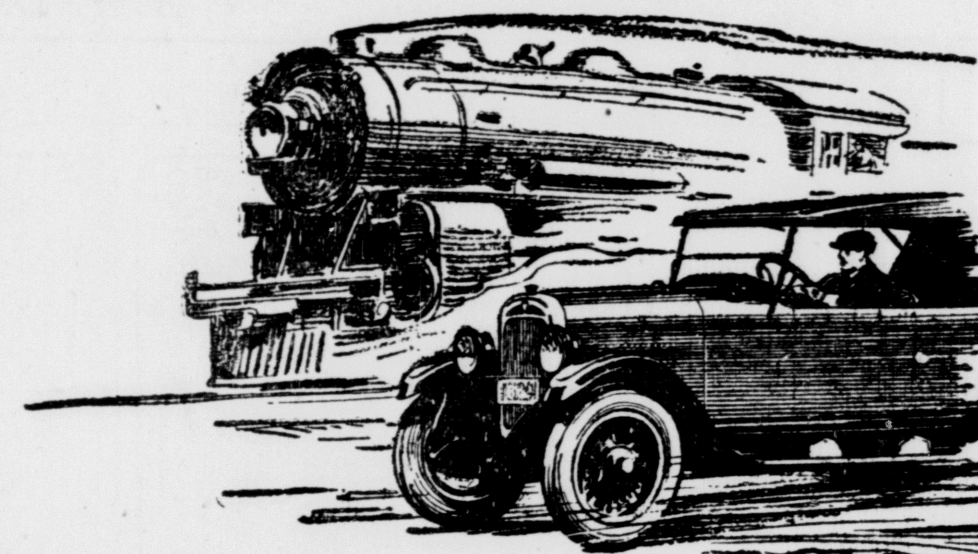

This highly imaginative fantasy by John D. Swain first appeared in Munsey's Magazine, and was produced at the Fox West Coast Studios under the direction of Jack Blystone. It presents the unique situation of a world suddenly denuded of all men through a strange disease called "maseulitis." For ten years woman explorers kept up a search for an adult male but without success until a woman crook stumbled upon a hermit living far away from civilization in the depths of a large forest. She takes him back and sells

him to the nation for ten million dollars. From this point on the story develops a series of surprises that prove as amusing as they are thrilling.

A full house usually beats a pair, but "Our Gang" with Will Rogers in the cast, presents a real royal flush in their latest two-reel Hal Roach Pathocomedy, "Jubilo, Jr.," which will be shown at the Castle theatre today and Saturday. It's a case of five aces and a joker, a thing that would cause a riot anywhere, and this fun-film should prove no exception. It's packed full of laughs with just a dash of pathos which makes a perfect seasoning.

### FOR CHAPPED AND SORE HANDS

One of the most annoying troubles at this season of the year is chapped hands and face. This unsightly and painful trouble can be quickly relieved with CORONA Wool Fat Ointment—it has no equal for all skin disorders. Apply to the hands at night, cover with a pair of cotton gloves or bandage and the next morning you will hardly believe your own eyes—the pain and soreness will be gone. Corona is different from ordinary salves—it will not smart or blister the tenderest wound—soothes and stops pain quickly. Once used you will keep it on hand as a real "friend in need," for cuts, burns, scalds, old sores, bruises—any flesh wound, eczema, chilblains, etc. Large box only 60c at all druggists. At one step, the new good Maxwell creates an immeasurably higher conception of the dollar's buying power in its relation to motor car speed and power.

The owner of this new good Maxwell finds in it an ability for sustained speed which wins his respect no matter how powerful the cars which he has driven before.

He becomes used to leading traffic in the city because of a flashing acceleration which is not surpassed by any car built today.

He finds himself enjoying these advantages at an operating and maintenance cost which owners declare

is lower than any previous motor car experience has ever taught them to expect.

For the cause of this revolutionary achievement, credit the engineering genius which produced the Chrysler Six, the wonderful plants in which the new good Maxwell is manufactured from wheels to body, from radiator to rear axle.

In this new good Maxwell, Chrysler engineers and Maxwell's fine workmanship have advanced the ability of four cylinders beyond anything the industry had previously produced. We enthusiastically invite you to let us prove Maxwell's superior quality and value.

## HARTWELL ASSERTS HE IS NOT INSANE

Factory Worker Wins Habeas Corpus Proceedings and Escapes Being Removed to Asylum

### HELD INSANE BY COMMISSION

Employers and Some Physicians Declare Him Sane—Hartwell Says Family Wanted Him Out of Way

A peculiar case held the attention of the court this morning before Judge Sparks, when the decision of a sanity commission in Justice Stech's court was reversed and Albert Hartwell, who was recently adjudged a person of unsound mind, was discharged and escaped being sent to Madison.

Hartwell filed habeas corpus proceedings late Thursday against Sheriff Hunt, who was preparing to remove him to the Southeastern Indiana hospital for the insane, and the evidence this morning before Judge Sparks was sufficient to show the court that he is not a person of unsound mind.

Hartwell was adjudged unsound mind by a commission in Justice Stech's court some time ago, and the action was preferred, it is said by his wife, and some of the children.

Sheriff Hunt received the papers for his commitment and took him in custody Thursday afternoon, preparing to take him to the asylum, and the court action was filed in an effort to block his removal to the state institution.

Hartwell appeared this morning in court at the hearing and remonstrated against the charge, with the contention in the evidence that his family wanted him "out of the way."

The evidence showed that he is a steady worker, and has not missed a day from his work at the Innis, Pearce furniture factory. Officers from the factory testified concerning his position, and they stated that in their opinion he was of sound mind, and could not hold such a position unless he was of sound mind.

Physicians also were called as witnesses and their opinions differed in many instances. Some contended that he had no signs of insanity, following an examination of him late Thursday. Those on the commission that found him insane, were said to have differed in their opinions, admitting that he was probably mentally unbalanced, due to a mental attitude on sex matters.

Witness stated that he and his wife, together with some of their children, had not been on the best of terms for the past five years. Fourteen children are living, ten of

## JOHN T. MAYSE DIES AT HOSPITAL THIS MORNING

Former Center Township Assessor Expires of Cancer After Illness of Several Months

### FUNERAL TO BE AT RALEIGH

John T. Mayse, age 68 years, a prominently known man of Mays and Center township, died this morning about six o'clock at the Dr. Sexton hospital in this city, where he had been taking treatment for cancer since December.

The deceased was a former farmer of Center township, and in recent years was engaged as a stock trader, and had made quite a reputation in that business. Mr. Mayse resigned a few weeks ago as Center township assessor. He was taken ill last fall, and his condition grew worse, with little hope maintained for his recovery for several weeks.

His wife preceded him in death several years ago. His body has been removed to the home of his brother-in-law, W. O. Frazee, 833 North Harrison street. Funeral services will be held Saturday afternoon at two o'clock at the church in Raleigh, and burial will be made in the cemetery at Raleigh.

The deceased is not survived by any near relatives, leaving the brother-in-law, Mr. Frazee of this city, two nephews, Roy Mayse of Marion and Charley Mayse of Spiceland, and a niece, also of Spiceland.

## GOV. JACKSON COMING APR. 5

Will Address Second of Series of American Legion Meetings

The second public meetings to be sponsored by Rush Post 150, American Legion, was announced today by John H. Kiplinger, in charge of the arrangements, and Governor Ed Jackson will appear here for an address Sunday afternoon, April 5.

The first of these meetings was held last Sunday when former United States Senator Albert J. Beveridge addressed a large crowd. There will be four similar meetings with Governor Jackson appearing April 5, Senator Watson in May, and the fourth speaker to be announced later.

## TOWNSHIPS GET DOG FUND SHARE

Money Realized From Dog Tax, Amounting to \$3,076.65 in 1924, Distributed by Auditor

### 5 PER CENT GOES TO STATE

All Trustees Report with Exception of T. J. Passwater of Ripley—May Retain \$100

Township trustees of Rush county have received from Harry Myers, county auditor, checks which represent the township's share of the dog tax collected during 1924 and distributed on the basis of the number of school children in each township.

The trustees paid into the county the sum of \$3,076.65 and received back \$2,922.82. The difference, which was five percent of the total, was paid to the state, as provided by law. This sum goes to the state hydrophobia fund.

All trustees are required to make a report on their dog fund by the first Monday in March and all trustees, with the exception of Thomas J. Passwater of Ripley township, have complied with this requirement. The distribution was made without his report on file.

The law permits the trustee to retain up to \$100 of the dog tax collected during the past year, and turn the remainder over to the auditor for distribution. Noble and Rushville townships had none to turn over to the county, but made a report to the auditor, and it is presumed that the Ripley township trustee had no money in excess of \$100.

The money is expended during the year by the trustees to pay claims for livestock and poultry killed by dogs within their respective townships.

The amounts paid in and received back by each township in the distribution are as follows:

Township	Paid In	Received
Ripley	\$900.00	\$316.05
Posey	4.00	201.64
Walker	543.00	185.84
Orange	614.00	149.17
Anderson	388.25	203.54
Rushville	000.00	214.91
Jackson	225.00	93.55
Center	423.00	129.58
Washington	185.00	163.08
Union	483.00	197.85
Noble	000.00	148.54
Richland	211.40	112.51
Rushville City		806.56
Totals	\$3,076.65	\$2,922.82

## 2 MEN SHOT, WOMEN BEATEN

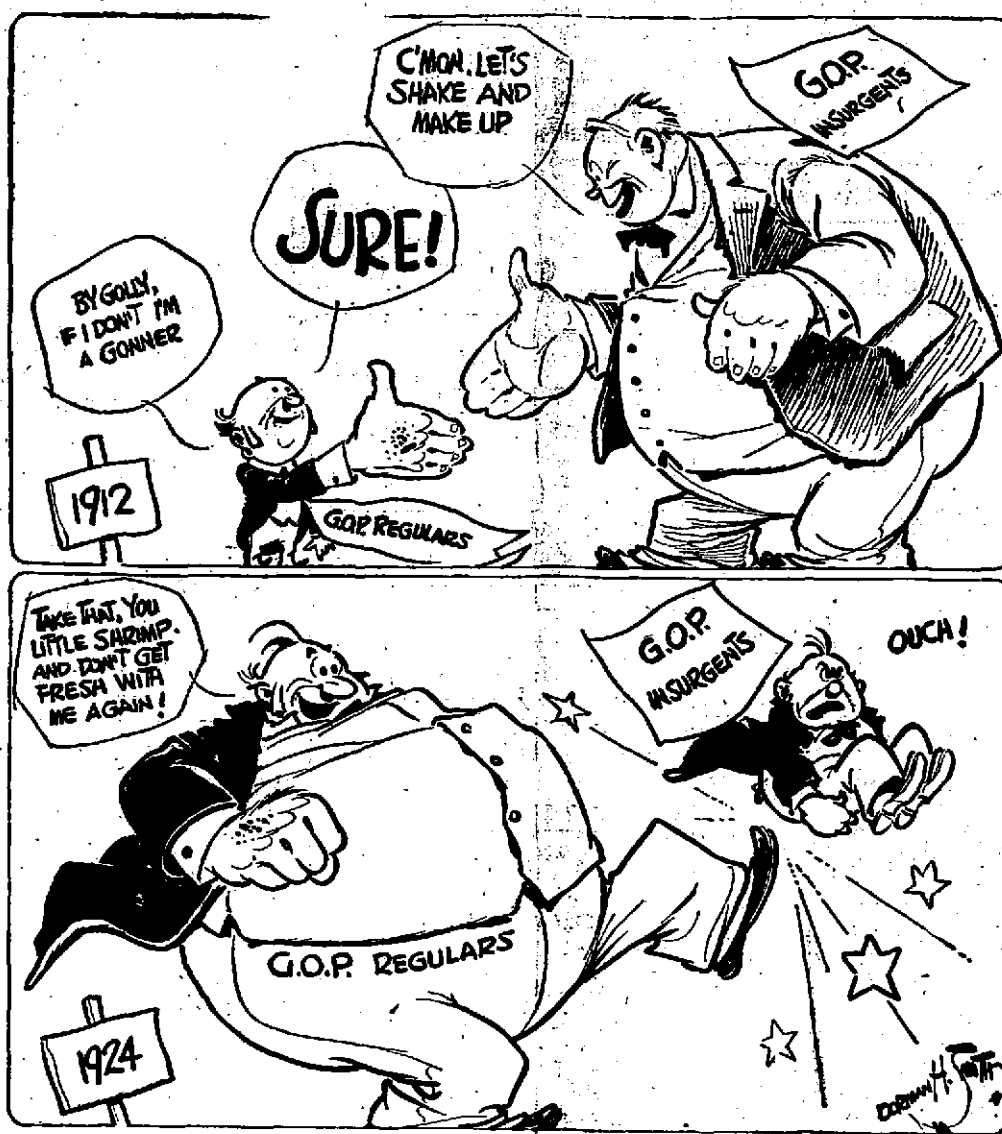

Bank Robbers Escape With \$10,000 in Cash at Tuckahoe, N. J.

Tuckahoe, N. J., March 13—Two men were shot and the wife of a bank director beaten by three men who held up the Tuckahoe National Bank shortly before noon today and escaped with cash estimated at \$10,000.

One report said a girl was with the robbers.

Edward Wright, cashier, was shot in the head and James Thomas, bank director, who was in the bank with his wife, was also shot. Mrs. Thomas was beaten when she screamed for help. The men fled in an automobile after an exchange of shots with police and townspeople.

## GEORGE BILLINGS BEING RETURNED TO NEWCASTLE

Former Union Township Farmer Will Face Charge of Giving False Information to Bank

### ACCOMPANIED BY WEBSTER

(By United Press)  
Detroit, Mich., March 13—George F. Billings, 35, former wealthy farmer of Rush county, Indiana, who was arrested here Saturday, was leaving today with H. C. Webster, superintendent of the Indiana Bankers Association, to return to Henry county, Ind., where he is wanted on charges of swindling.

According to Webster, Billings swindled six Indiana banks out of \$44,200 and took \$27,000 in Liberty bonds from his mother's safety deposit vault in Rushville.

The prisoner had been a fugitive almost a year.

Information was received here Wednesday to the effect that Billings would be brought back to Newcastle to answer to a charge of giving false information in order to obtain credit at a bank in Lewisville, Henry county.

A similar charge has been filed, it was learned, before George Clark, Center township justice of the peace, by the Mays National bank, but Billings was arrested on the Henry county charge.

Billings lived in Union township and took an active part in farm movements and in politics.

### NEWCASTLE MEN CHOSEN

Indianapolis, Ind., March 13—Twenty-eight prominent persons were chosen today by Zacariah T. Dungan, state director of the U. S. Good Roads association, to be elected to life membership in the body. The election will take place at the annual convention at Houston, Texas, April 21 to 25. The list includes Walter Chambers and Will Goodwin of Newcastle.

### GRAIN PRICES CRUMBLE

Chicago, Ill., March 13—Grain prices on the Chicago Board of Trade today crumbled in one of the biggest breaks of any single day since the war. May wheat was the heaviest sufferer closing at from \$1.67 to \$1.66½ compared with a close of \$1.81½ yesterday.

### ALMOST INSTANTANEOUS

## THREE LOCAL STUDENTS AWARDED CERTIFICATES

Eight Weeks' Course in Agriculture and Home Economics Closes at Purdue Today

### AN ADDRESS BY T. A. COLEMAN

Three Rush county men were among the fifty-two receiving certificates at Lafayette today for having completed the special eight weeks' winter course in Purdue university.

The closing exercises were held at 9:30 o'clock this morning in the Purdue home economics auditorium and the address was made by T. A. Coleman, assistant director of agricultural extension, and a former Rush county farmer.

Rush county men receiving certificates were Iden Hungerford, son of Mr. and Mrs. Elmer Hungerford, living southwest of Rushville in the Big Flatrock neighborhood; John L. Stark, son of Mr. and Mrs. John Stark living west of Rushville, in Posey township near the Rushville-Posey township line, and James R. Lovejoy of Falmouth.

Mr. Coleman spoke this morning on "Opportunities in Agriculture" and the certificates were presented by Dean J. H. Skinner of the School of Agriculture.

There were five different divisions in the winter course and the Rush county students were enrolled in the general agriculture course.

## RICHLAND FARMERS GIVE HOMER PROGRAMS

Present Two Short Plays at Monthly Meeting of Walker Township Farm Bureau

### A QUARTET AND READINGS

The Richland Township Farm Bureau provided the program at the regular monthly meeting of the Walker Township Farm Bureau, which was held at the Homer school building Thursday evening, and was assisted by a Walker township quartet.

The quartet, which was composed of Marshall Krummes, Emmons Hurst, Alva Hurst and Frank Willis, gave three numbers, and the Richland township visitors presented two short plays, "The Assessor," and "Not a Man in the House." There were also several readings by Miss Mary Evelyn Cook of Richland, which were very much appreciated.

Harold Bell took the part of the farmer in "The Assessor," and Howard Spencer was the Assessor. Mrs. Charles Spencer was the Farmers' wife and Cecil and Ruth Pike were the children. The cast for "Not a Man in the House" was composed of Mrs. Robert Humphrey, Mrs. William Scott, Mrs. Charles Fisher, Mrs. Arthur Browning and Miss Mary Wilson.

Both plays were well received and the evening was greatly enjoyed.

## TWO ASSOCIATION MEETINGS

Parent-Teachers' Organizations in Session at Raleigh and Glenwood

Two township parent-teachers' association meetings were held in the county Thursday evening at Raleigh and Glenwood.

Birney D. Farthing, county superintendent of schools, and A. L. Gary, Rushville attorney, who served as county superintendent several years ago, were speakers at the Washington township meeting, which was held in the Raleigh school auditorium. A feature of the program was the performance of Avis Scott, daughter of Mr. and Mrs. Benton Scott, who sang and also performed the unusual feat of dancing to her own piano accompaniment.

Miss Alice Piersol, county supervisor of music, sang at the Glenwood meeting.

## JACKSON SIGNS THE LAFUZE BILL

Measure Provides Half Mill Tax Levy for Reforestation of Indiana Wasteland

### MOTOR LICENSE BILL TO FAIL

Technicality Causes Hitch in Governor's Consideration of it—May Revert to 1921 Law

### (By United Press)

Indianapolis, Ind., March 13—Governor Jackson today signed the LaFuze bill providing a half mill tax levy for reforestation purposes.

The bill was sponsored by the state department of conservation at the legislature just closed. As originally introduced the bill provided for a two million dollar levy. It will leave approximately \$25,000 to be spent on planting trees on Indian wasteland.

Governor Jackson may be unable to sign the LaFuze bill licensing motor vehicles on the weight-horse power basis and broadening the law's scope on persons who flee from automobile accidents, it was indicated today at the statehouse.

A technicality caused a hitch in the governor's consideration of the bill and it was turned over to the attorney general's department. There it was said that the bill as passed might exempt buyers of new automobiles between now and the first of next January, when the new schedule of license fees would go into effect.

The measure carries an emergency clause but since the new schedule does not become effective until next January, no provision is contained for machines brought in the interim.

Effect of failure to sign the bill would be to revert to the license provisions of the 1921 act. The 1921 act on the subject was declared unconstitutional by the supreme court. While the LaFuze bill rearranges the schedule of license fees on various classes of motor vehicles, it is said that collections under the 1921 act would be approximately the same.

Approximately 40 bills passed just before adjournment of the legislature were still awaiting action by Governor Jackson today.

## WARREN REJECTED BY THE COMMITTEE

Republican Leaders Apparently Lose Hope After Adverse Report by Judiciary Committeemen

### VOTE IS 9 TO 7 AGAINST

Senate Leader Curtis Says Large Group of Senators Feel Senate Should Adjourn Saturday

### (By United Press)

Washington, March 13—With the nomination of Charles B. Warren as attorney general again rejected by the senate judiciary committee, republican leaders apparently lost hope today and a movement was started to force a final vote by tomorrow night and adjourn.

The judiciary committee voted 9 to 7 to present an adverse report on the nomination to the senate counselling its rejection by that body.

In view of this preliminary defeat at the outset and to the fact that opposition to Warren seems unchanged despite of the pressure from the White House, some republican leaders saw no reason to drag out the controversy in a prolonged parliamentary fight.

Senator Curtis, republican generalissimo, announced that a large group of senators felt the senate should dispose of the nomination and adjourn finally Saturday.

Curtis feels sure, however, that he can keep a quorum present next week and is undecided what to do. Several leading adherents of Warren having pressing business elsewhere next week and said they may be forced to leave, thus weakening the defense.

The committee session lasted only about an hour. Senator Thomas J. Walsh, Democrat, raised the question of the president's constitutional right to resubmit a cabinet nomination to the same senate that previously repudiated it.

But he did not press for a decision in the committee. He will raise this issue on the floor.

The line-up in the committee was: For Warren (Republicans 7—Cummings, Iowa, chairman; Ernest, Kentucky; Spencer Missouri; Means Colorado; Harrold, Oklahoma; De-need, Illinois; Gillette, Massachusetts).

Against Warren (9), Republicans 2—Borah, Idaho; Norris, Nebraska; Democrats (7)—Overman, North Carolina; Reed, Missouri; Ashurst, Arizona; Walsh, Montana; Caraway, Arkansas; King, Utah; Neely, West Virginia.

The full membership of the committee was present.

## IMPPLICATES OTHERS IN LOCAL STORE ROBBERY

Paul Woodruff, Age 23, of Connersville, Under Arrest There, Accuses Companions

### ADMITS CONNERSVILLE THEFT

The robbery of the Knecht Clothing store and the Ben A. Cox Shoe store, which occupy a room jointly, is being solved, according to a dispatch received today from Connersville, where Paul Woodruff, age 23, of that city is in jail, and has implicated others in the local robbery.

Woodruff, according to Connersville officers, has admitted robbing the Rem-Bu Sporting Goods store in that city last week, and also a barber shop over there about the same time. He implicated companions, and told the officers that they had entered the store in this city early last Saturday morning. He denied being with them over here.

Woodruff told the officers that some of the loot had been hidden, in all instances at Shelbyville, and officers of that city were making a search. Some of the \$500 worth of goods taken in the sporting goods store, has been recovered. Further arrests were expected to be made shortly. At the local store only a small amount of merchandise was reported to have been stolen, but word from Connersville stated that the local robbery was probably larger than first reported.

## VALUE OF APPROVED SEED CORN SHOWN

Corn From Approved Seed (On The Left) and Corn From Rejected Seed On The Right

A Johnson county farmer brought corn to the testing plant in Franklin after he had carefully examined it with his knife. When he planted this corn he was able to plant all but a few rows on one side of the field with corn which passed the test. He planted the remainder with rejected seed.

As shown by the picture there was 16.4 percent more good corn shucked

from the good seed. Also the good seed yielded 11.88 bushels more corn than the rejected seed, although little difference could be noticed by passing through the field.

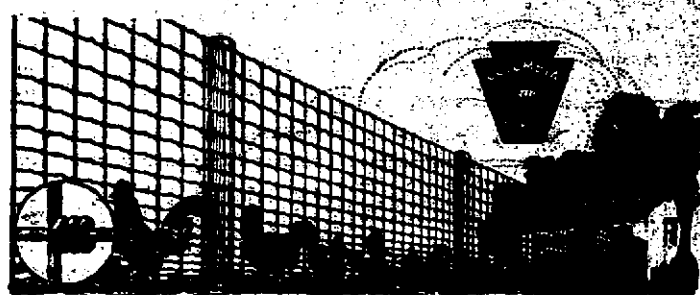

Secretary Scott of the Johnson County Farm Bureau and County agent Williams of Johnson county, will give their experiences in their seed corn testing work at the court

room Saturday afternoon. All the

They are bringing one hundred and eighty demonstrating ears which show weak vitality. They will also unroll modified rag dolls and show how these same ears show up in the test.

This will be a splendid opportunity for Rush county farmers to learn some of the outward characteristics of ears which show weak vitality.

## This Fence Lasts Longer

### Here Is the Reason

Columbia Super Zinced Fences are armored against rust by the heaviest coating of zinc that can be successfully applied to wire.

A special formula of open hearth steel is used, and by an improved process the zinc is so closely bonded to the wire that it will not crack or peel.

A good fence will save money because it takes only the same amount of posts and labor, and will give many years more of satisfactory service.

## CORN

NOBODY attempts to grow wheat without fertilizer.

The farmer knows that it increases the yield. Why then does anyone expect to grow corn without fertilizer?

The yield is bound to be poor.

Farming without fertilizer is not farming—it is *mining*—just extracting the minerals out of the soil without replacing them.

On the other hand, by the Anaconda Plan you get Fertilizer at a reasonable price which enables you to use plenty of it.

## Eczema

Oh! The joy of a peaceful, restful night. What a wonderful "up and going" feeling follows such a night of undisturbed slumber.

Oh! What tortures—what agony—what despair—goes with the nights when eczema and other skin diseases hold power and drive away rest and peaceful slumber. For under the cover of darkness like crafty beings of the underworld these eruptions work their most serious havoc.

S.S.S. is the established conqueror of these annoying skin diseases. S.S.S. drives these ever disturbing elements from your system—elements that carry in their wake—lack of energy, undermining health! You may try in vain to get rid of them by using salves, lotions, washes, all to no purpose. You can't do it that way—the seat of the trouble lies deeper—impure blood trying to throw off poisons through the tender skin.

S.S.S. purifies the blood. It aids Nature in creating new red-blood-cells by the million! Blood-cells that send new rich blood coursing through your system. Red blood that drives away eczema—drives away pimples, blackheads, boils and rheumatism, too. An increase in red blood-cells means added strength, added vitality and renewed vigor. Because the medicinal ingredients of S.S.S. are purely vegetable, it may be taken with perfect safety. Start taking S.S.S. today and watch it rout that annoying, skin destroying, health undermining army that holds your system in its grasp! Learn again what it means to enjoy peaceful, restful nights of slumber.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

**ARGUMENT ON A CRUCIAL  
POINT IN OIL LEASE CASE**

Admissibility of Bank Records Showing Fall's Transactions Questioned by Defense

**IS "HEARSAY EVIDENCE"**

Federal Court Room, Cheyenne, Wyo., March 12.—Argument over one of the crucial points thus far raised in the Teapot Dome suit—whether bank records and statements relating to alleged financial transactions involving Albert B. Fall, former secretary of the interior, and Harry F. Sinclair, shall be admitted as testimony—was begun by government counsel today.

Counsel for the Sinclair interests objected to the introduction of such testimony on the ground that it was "hearsay evidence" and had no bearing on the present suit in which the government is attempting to break the lease of the Mammoth oil company on the Teapot Dome oil reserve on the ground that it was obtained through fraud.

The evidence in question is admittedly of an important nature as government attorneys were prepared to make a hard fight for its admission over the defense objection.

John W. Lacey, veteran Cheyenne attorney and leading counsel for the Mammoth Oil Company, argued against admission as evidence the records of the First National Bank of Pueblo and the First National Bank of El Paso containing Fall's account. Lacey held that parties involved

## A Separate Gymnasium

The impression is growing that a  
community building with a gymnas-  
ium for Rushville high school to  
play its basketball games, would not  
be at all satisfactory, and that the  
only solution of the problem is the  
erection of a gymnasium entirely sepa-  
rate from a county building.

At first blush, the proposal that a  
community building be made to serve  
the needs of the high school athletic  
activities, seemed to be the solution  
of the gymnasium question, but the  
more it is being discussed, the more  
certain it is becoming that both  
buildings can't be covered with one  
roof.

It developed in the discussion of  
the question by the county commis-  
sioners, the city council, the city  
school board and judge of the cir-  
cuit court, that the Rushville high  
school could not be given any as-  
surance that it could have the use of  
the gym for its regularly scheduled  
games.

There are twelve other high schools  
in the county and all of them would  
have the privilege of using the gym-  
nasium, if it were built by taxation  
with the county as a unit. They  
would naturally expect to exercise  
this right, especially when they had  
a particularly strong team that would  
draw well.

The Rushville high school would  
not be improving the situation by  
depending on a gymnasium and then  
discovering it would not be avail-  
able, which would make necessary a  
return to the old gym.

Rushville high school has a hard  
schedule for next year, with many  
teams that have state-wide reputa-  
tions, and unless a good playing  
floor is provided, Rushville will have  
small chance of scheduling this  
class of teams in the future.

Rushville school city has a site in  
the Stewart and Stewart addition  
that could be used, and the cost of  
a gymnasium would be considerably  
reduced on this account.

Those who are interested in seeing  
the Rushville basketball team housed  
in a new gymnasium next season and  
who likewise feel the need of a com-  
munity building in Rushville, would  
like to see the matter settled and a  
program outlined. Everyone is mark-

ing time and nothing is being ac-  
complished.

Sentiment for a gymnasium has  
been shown here, with approximate-  
ly \$5,000 raised on one canvass of  
the city, by selling season tickets at  
\$10 each. There are many men who  
have publicly declared they will con-  
tribute money towards a new gym-  
nasium. The time is here to make  
the effort, it now appears.

This should in nowise stand in the  
way of a community building. The  
people of Rush county, which means  
residents of Rushville too, can go  
ahead with this project with a bond  
issue and a double service of pro-  
viding a public auditorium and at  
the same time a suitable memorial to  
Rush county world war veterans will  
be performed.

## More Income Tax Reductions

It is more than likely that the  
income taxes paid by the people of  
the nation will be cut next year. This  
result can be accomplished if the  
suggestions of President Coolidge to  
Congress, and the heads of the dif-  
ferent departments of the federal  
government are carried out to the  
fullest extent. It would mean that  
the income tax rates now in force  
would be cut at least 25 percent for  
next year, by a bill which will be in-  
troduced at the early part of the  
next session of Congress.

President Coolidge has had several  
conferences with Representative  
Martin Madden, chairman of the ap-  
propriations committee in the House  
in regard to the matter and Mad-  
den is confident that if Congress will  
back up the President the cut in  
income taxes for next year can be  
accomplished.

An interesting sidelight into the  
matter of appropriations this year  
is that by heeding the President's di-  
rections, appropriations \$8,000,000  
below the budget's estimates, were  
passed at the last session of the  
68th Congress; put in plain language  
this means that even with the figures  
of the budget taken as a basis, Con-  
gress, at the direction of the Presi-  
dent, has saved \$8,000,000 more of  
the tax-payers' money than was  
hoped for at the beginning of the  
session. It is also of interest to note  
that during the past four years Con-  
gress has spent \$350,000 less than  
was proposed.

At the next session of Congress  
Madden will call up his resolution  
which would result in making income  
taxes automatic. This plan would do  
away with continuous income tax  
legislation, although in an emergency  
Congress would have the power to  
repeal the act. The plan would mean  
that when the Treasury had a sur-  
plus of over \$50,000,000 a propor-  
tionate automatic decrease would be  
made in everyone's income tax.

It is known that President Coolidge  
has for some time been having  
an extensive survey of government  
financial conditions made, as he is  
determined not only to save the tax-  
payers' money but to cut off all  
needless expenditures; all of which  
means the carrying out of his prom-  
ise to the people that whenever pos-  
sible federal taxes would be lowered.

## The Hodge-Podge

By a Paraphraser with a Soul

Shopping to most women is like  
fishing to fishermen — they have a  
lot of fun out of it whether they get  
anything or not.

More famous last words: "If you  
want to do the driving, get up here  
under the steering wheel."

Nagging wives don't always have  
lagging husbands — not always.

Before the wedding, cooing; after,

Some men still carry a bottle opener  
on their key-ring for the psychological  
effect.

Too often fine clothes are not so  
much to satisfy the vanity as to excite  
the envy of others.

Queer, isn't it, that the things you  
want to know are the things your  
friends never tell you.

## Hunt's Washington Letter

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—Extremes of  
temperament and personality  
are exemplified by Calvin  
Coolidge, president, and Charles G.  
Dawes, vice president.

This is strikingly illustrated by a  
comparison of the inaugural ad-  
dress of Coolidge, when he was in-  
stalled as vice president four years  
ago, with the address of Dawes,  
which set the Senate by the ears  
when he took office last week.

Coolidge, in a repressed, quiet,  
brief address, said in substance  
that he recognized the Senate's  
right to make its own rules and or-  
der its own procedure, and that he  
would confine himself to an impar-  
tial administration of those rules.

Dawes, vehement, irascible, the-  
atrical, read the Senate a lecture  
and served a warning.

THE answer to the Dawes criti-  
cism was the prompt submis-  
sion, by Senator Underwood,  
Alabama Democrat, of an amend-  
ment to cure the ill of which  
Dawes most bitterly complained,  
namely unlimited debate.

This was done to put the burden  
of responsibility for failure to  
amend the rules along the lines  
suggested by Dawes up to Dawes'  
own party, the Republicans.

The fact is, of course, that a  
rule putting the lid tightly on Sen-  
ate debate is no more desired by  
the leaders of the Republican

majority than it is by the Demo-  
cratic minority.

In the present situation, with  
Republicans in control, the exist-  
ing rules do enable Democrats to  
filibuster. But the "ins" recog-  
nize that sooner or later they will  
be the "outs" and when that time  
comes the advantage of unlimited  
debate may be a life saver for  
them.

Republicans, in fact, more often  
than the Democrats, have invoked  
the filibuster as the means of  
blocking legislation.

The historic filibuster against  
the Wilson shipping bill, which  
kept the Senate in session day and  
night for a full two weeks, with  
members sleeping on cots in the  
corridors and anterooms, was a Re-  
publican filibuster.

So was the most famous one-  
man filibuster, when Senator Bur-  
ton held the floor for more than 40  
hours to defeat a Democratic river  
and harbor bill.

Senator La Follette, as a Republi-  
can, was one of the G. O. P.'s prime  
filibusters.

A MUCH more probable solution  
to the problem pitchforked  
into the Senate by Dawes is  
the proposal of Senator Norris to  
convene the Congress yearly on  
Jan. 1.

This would serve a double pur-  
pose. It would end the present  
practice of having a session of  
Congress, following elections, in  
which many members defeated for  
re-election continued to sit, and it  
would end the "short session."

# The Last Word in High-Test Gasoline

## SOLITE

(REG. U.S. PAT. OFF.)

### A PERFECT GASOLINE

Solite is superior to any high-test gasoline you  
have known. It has all the snap you have had  
from light gasoline—and more; it has power,  
too, because Solite drives the piston the full  
stroke under power—yet it costs less than ordi-  
nary high-test gasoline.

It lends a leaping response to your motor. It  
burns clean.

Solite is companion to our world-famous Red  
Crown Gasoline, each filling a definite need.

Red Crown is for the man who wants maximum  
power at minimum cost. For this purpose it has  
no superior.

Solite is for the man who wants a little quicker  
action and is willing to forego extreme economy  
and pay a little more to get it.

## MUDDY COMPLEXION GOES WITH BAD STOMACH. DI-JO REMEDIES THE CAUSE

A strong, healthy appetite, a fine complexion, good health and a strong body go with a healthy stomach. If your food isn't giving you strength, if your face is pasty and you have a muddy complexion there is something radically wrong, and the probabilities are that it may be your stomach.

You eat food merely to keep the body going and if that food imparts strength to the body then it is doing its work well. But if your stomach is sour, if there is gas on the stomach, if you feel languid and tired after eating, if you have gas pains about the heart, THEN LOOK OUT.

DI-JO ORDINARILY WILL CORRECT THIS CONDITION. It neutralizes the over-acid condition of the stomach. It helps the stomach to

take care of the food and strengthens the digestive juices so that instead of your food remaining there, a mass of undigested garbage, it is quickly and properly digested. Of course you don't have to take DI-JO forever, but you will want to take it until the stomach regains its normal condition and until it can do the work it is supposed to do. DI-JO merely steps in and fills the gap while the stomach rests.

If the bowels are lazy you should take DI-JO in connection with DI-JO but only for a limited time because in a few days the normal condition of the stomach will make the use of a laxative unnecessary.

You will find DI-JO and DI-VAC for sale by all druggists.

### What goes into shoes besides feet?

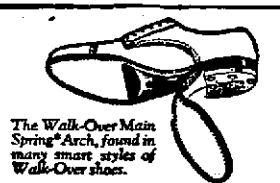

LEATHER, for one thing, and—when they are Walk-Overs—more style and fit and comfort than you may have thought possible. You'll find here at the Walk-Over store at least one shoe that was designed to fit your foot exactly. Take one step in it and discover things about shoe fit and foot comfort that you never knew before.

One thing is the clinging heel fit of the exclusive Walk-Over pear-shaped heel. In some styles you find the Walk-Over Main Spring\* Arch. That is a piece of

hand-tempered tool steel, in a patented design, suspended at three points, and bedded in a bit of soft, resilient rubber.

When your feet are normal, you do not know that the Main Spring\* Arch is concealed in your shoe. When muscles tire, the Main Spring\* Arch gives them a grateful, comforting support before they begin to ache.

Whether you want a Main Spring\* Arch or not, you'll find that the Walk-Over shoe you choose here is the finest-fitting style shoe you ever wore.

TOMORROW IS JUST ONE STEP NEARER TO THE STATE TOURNEY—DON'T FALTER!

The Lions have the stuff to put across two wins at Richmond. Beat Freetown, and then subdue either Shelbyville or Columbus at night. The night game is at 8:30 and that is a lucky hour for the Lions. They are not playing any certain raiser this time.

Rushville downed Columbus in one regional a few years ago. History is going to repeat.

Today is Friday the thirteenth, and no basketball game scheduled. Wonder if that is the reason they didn't start the regionals today?

#### LAST CALL FOR TICKETS

Early Saturday morning the machines will be leaving Rushville for Richmond. Today was the last opportunity to purchase season tickets from Mr. Butler, as he leaves in the morning at six o'clock.

#### Special Train Leaves Early

Plans for the special train were officially announced here today. The fare from here is placed at \$2.10 for the round trip. From Columbus, which is as far from here, as Richmond, the fare was \$2.50, and local people were of the opinion that the railroad company was unloading the burden here, making it only 40 cents difference from Columbus. The train as planned, leaves Columbus at 6:30 in the morning, arriving here at 7:35 o'clock. This was considered too early for most fans, because of the little interest in the two morning games. Returning leaves Richmond at ten o'clock.

The coach down at Franklin caught three of the team members smoking last Sunday and fired them. After they apologized, they were admitted back into the squad again Tuesday. And Franklin must meet Martinsville in the regional! This, sorta looks like the boys were losing confidence.

#### COME ALONG, RUSHVILLE!

Now comes word from Greencastle that they are to have a new gymnasium erected there for the use of the high school. The building will be put up during the summer at a cost estimated at \$75,000. It will be modern in every particular.—Shelbyville Republican.

Short Passes on the Greensburg News passed out with the defeat of his team by Shelbyville. After tomorrow there might be a great many more drop off the list.

#### POSSIBLE, NOT PROBABLE

It's going to be wash day for Washington on Friday, next week. Watch the Trojans use the ringer on them.—Newcastle Courier.

#### Freetown Turns Out Some Mighty Fine Players

Freetown, a little southern Indiana team won the tourney at Seymour last week. Many fans in Hoosier town declared that they had never before heard of the place. Watching the Fouts is ready to testify that they build basketball players there. The Debat brothers, who have kept the Ball Brothers quintet undefeated in the Industrial League for two consecutive years, come from there. T. Debat who played on the Bearcat state finalist crew in 1923 is one of them and before coming here was a Freetown high school star.—Muncie Press.

#### EASY, JUST WANT AND SEE

Providing Shelby high takes Columbus down the line in the afternoon game, the locals will hook up again Saturday night in the last regional game. The winner of the Rushville-Freetown clash. That should be easy after the first one is out of the way.—Shelbyville Republican.

#### A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchitis, "flu", and whooping coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

#### ONLY TIME WILL TELL

B-B Shot in the Marion Chronicle says that "We believe Columbus will handle Rushville at the regionals before the state tourney time arrives but in case the Rush lads do get there, Marion will put a mighty sudden quietus on their tourney aspirations. It looks very much like Marion will get a crack at the Vincennes Alices ere the sun has set many more times."

Then the Vincennes Sun offers some comment, like this:

Oh, ho, Rushville says that Vincennes won't get to play Marion in the second game of the finals at Indianapolis. Rushville figures on defeating Shelbyville or Columbus in the regional and then defeating Marion in the first game at Indianapolis. Oh well, bring on them Lions, we're the demure little Alice who shall lead them.

#### We Got His Number, George

Columbus has a forward named Schinnerer whom they say is so darn fast that no guard can stop him. He's not such a dead eye Dick on field goals but does convert the foul throws into points for the Bull Dogs. Rushville and Shelbyville—please take notice.—Vincennes Sun.

#### GALLONS OF INK USED

An editorial in a newspaper down at Washington declares that the Washington team defeated Bedford, but it required good playing, and about 341 columns of newspaper space to do it. That is correct, all they said before the game, would reach for at least a mile, but if that has anything to do with, then they will win the state sure.

#### Always Good Policy Not To Celebrate Too Soon

Down at Greensburg, the fans piled up a quantity of logs in the public square, Saturday morning, ready to celebrate the winning of the sectional that night. Shelbyville downed Greensburg in the finals, and now they're wondering what to do with the timber.—Muncie Press

The Press Box, Kokomo issues a warning like this, which is indeed a good thing: REMEMBER ANDERSON! THEY THOUGHT LAPEL WOULD BE EASY PICKIN'! DON'T LET ANYONE SNEAK UP ON YOU.

#### Last Minute Things That Must Be Remembered

Freetown is a dark horse. C. Sprague, floor guard, is their star player. A slip now, means a long rest. We have defeated Columbus, and can do it again. Halves are only 15 minutes. Strong defense will win. Then on to the state.

## Sawdust and Gasoline

We know a farmer who is extremely particular about the food he gives his live stock, for they are all thoroughbreds, and he is inordinately proud of them. He insists on brands of feed that will keep them in excellent physical condition, fit and vigorous for the work he expects of them.

His car's a thoroughbred too, of a make that has international respect and admiration. And yet — when he goes to buy gas or oil for that car he merely stops at a filling station — any filling station, you understand, and says briefly, "Fill 'er up." It has never occurred to him that the mechanism of his car is delicate and even fastidious, and that mongrel oils and gas are seldom of a desirable quality. And when his car coughs and complains he clenches his fists and swears.

Funny, isn't it? The thoughts of feeding sawdust to his favorite horse would almost induce apoplexy. Why shouldn't he feel the same way about the gas that goes into his expensive car?

### THE ROARIN' LIONS

By

OTTIS CRAWFORD

Hark, to the following story Which I am about to relate, About the Roarin' Lions achieving the glory Of being the best in the state.

They have proved it quite often this season

And now that the goal is in sight I can't think of one single reason That'll keep 'em from winning next Saturday night.

Of course they've lost a game or two But what can one expect And you'll soon see I'm telling you Some things that are correct.

They always play fast basketball They're swift upon their feet, And that's the reason one and all Declare they're hard to beat.

We know the team has won a name Of which it should be proud, For every time they play a game, They always draw a crowd.

They have a style of playing Their opponents cannot stop, And there is no use in saying That we hope they reach the top.

Of course there are some other teams,

We must not under-rate, But somehow it almost seems The Lions ought to win the state.

Never think you'll be defeated, When you go up there to play But be glad you have competed In a scientific way.

Just to help prove out the theory That you win the fans applause By making your opponent's leery Of the Roarin' Lions claws.

services of Monroe Gloshen at Brookville Sunday afternoon.

Mr. and Mrs. Wallace Cook spent Saturday with Mr. Cook's parents, Mr. and Mrs. Oscar Carroll of Rushville.

Mr. and Mrs. Arthur Browning and family and Miss Mary Wilson attended the play at New Salem Tuesday night.

Mary Frances, daughter of Mr. and Mrs. Frank Tilley, is ill at her home with the mumps this week.

Joe Fey attended the funeral services of Monroe Gloshen of Milroy Sunday afternoon.

Bloomington, Ind.—Fifty candidates answered Base Ball Coach Deans first call for diamond candidates. Workout will continue daily until April 1, when the team will take a ten day southern training trip.

**DAY OF GRACE**  
Washington, Mar. 13—You have until March 16 this year to file your income tax return. The legal date, March 15, comes next Sunday, so the day of grace is added by law, treasury income tax experts said today.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained Tuesday afternoon at 2:30 o'clock in the church parlors.

Miss Margaret Donnan's Class in Literature will meet Saturday afternoon at 2:45 o'clock in the Assembly room of the court house.

The Worker's Conference of the Main Street Christian Bible school will be held Sunday afternoon at 2:30 o'clock in the church parlors. The subject for discussion will be, "Better Teaching."

Mrs. Floyd Kirklin entertained the members of the Wednesday Afternoon Bridge club and other guests this afternoon, complimentary to her sister-in-law, Mrs. Lawrence Clark of Cambridge City, who was recently married.

Mrs. Noley Newkirk of this city was a guest at the meeting of the Calthe Society of Connersville Wednesday afternoon, which was held in the K. of P. hall in that city. The hostess were Mrs. S. A. Wilkinson and Mrs. Harry Flint.

Miss Helen Leisure, daughter of Mr. and Mrs. Muriel Leisure of Center township, and Ray Hunsinger of Mays, son of Mr. and Mrs. George W. Hunsinger of Laurel, were united

in marriage Wednesday afternoon at the St. Paul's Methodist parsonage, the Rev. H. W. Hargett performing the ceremony. The single ring service was used.

Miss Della Rea was hostess Wednesday evening to the members of the Commercial Club of the high school, at her home in West Fifth street. An important business session was held during which matters pertaining to the club were discussed. An informal social period was enjoyed after the meeting during which delicious refreshments of sherbert and ice cream were served.

The Cross Country Club was delightfully entertained Thursday afternoon with a prettily appointed one o'clock luncheon by Mrs. Oliver Mock and Mrs. Raymond Gartin at the home of the former north of the city. The afternoon was spent socially. The next meeting will be held next Friday evening, March 20, at the home of Mrs. Oscar Newhouse, when she will entertain the members and their families.

Mrs. Earl Gregory delightfully entertained the members of the N. B. B. club and one guest Thursday afternoon at her home on North Oliver street. The color scheme used in the decorations were green and white, suggestive of St. Patrick's Day. Games and contests were the entertaining features of the afternoon and delicious refreshments were served. The next meeting will be held with Mrs. Marie Dudgeon at her home in Indianapolis.

The Woman's Home Missionary Society of the St. Paul's Methodist Episcopal church met at the home of Mrs. Homer Powell, corner of Morgan and Seventh streets, Thursday afternoon and enjoyed a splendid program. Mrs. Bodine conducted the devotional period and Mrs. John Jordan gave the lesson study and was also leader of the program. O. P. Wamsley sang a solo and a duet was rendered by Mrs. C. A. Dugle and Mrs. Moore, accompanied on the piano by Mr. Wamsley. Dainty refreshments were served to the members at the close of the business session.

Indianapolis, Ind., March 13—Quo warranto proceedings to test whether Benjamin Willoughby, republican of Vincennes, rightly holds his office as supreme court justice, will probably be filed in Knox county court in the near future.

#### Are You One of the 98%?

Recently the Lydia E. Pinkham Medicine Co., of Lynn, Mass., sent out over one hundred thousand questionnaires to women who had used Lydia E. Pinkham's Vegetable Compound, asking if they had been helped by its use. From the replies received 98 percent of women, from all walks of life, answered in the affirmative telling how they had been relieved from the various ailments for which they had taken it. Isn't this a wonderful recommendation for the efficiency of this old-fashioned root and herb medicine.

## Despite the great increase in the cost of green coffee—

we use the same blend as ever in 3/f. We are not resorting to cheaper coffees to keep down the price nor to maintain our normal margin of profit. We are putting into 3/f the high-grade coffees necessary to produce the distinctive 3/f flavor, smoothness and strength. Then we are pricing the finished product less than the advance in raw materials would justify. The result is, 3/f users are paying only a fraction of a cent more per cup than normally and are continuing to enjoy the exact kind of coffee that they have used for years, and prefer above all others.

## HOW IT WORKS

When your battery goes dead you know nothing more, as to the cause than when your watch stops. It's a job for our battery service men, and like the watch repairers, they must get into the inside works of the thing. Ours is a fully equipped battery service. We would like to do your work. We use Chandeysson Constant Potential Battery Charging Equipment.

### AMUSEMENTS

#### Extraordinary Picture

Douglas Fairbanks' glorious fantasy of the Arabian Nights, "The Thief of Bagdad," is the attraction at the Princess. This photoplay, according to all accounts, surpasses anything heretofore seen on the screen. This extraordinary picture has upset the equilibrium of the critics in every city in which it has been presented. It is the crescendo photoplay. It is a fantastical story of love and adventure, laid in an imaginary world of fancy, abounding with amazing happenings, and what critics generally have called unbelievable wonders. If you still believe in love, if adventure still stirs you, if you like your heart to miss beats in ecstatic moments of exciting suspense, if you enjoy the surprise of seeing things that heretofore you thought were impossible—here in "The Thief of Bagdad" are all these things, in the background of beauty and splendor. In this picture, a Winged Horse flies up to and through the clouds, a Magic Carpet soars over the housetops and into the sky; wonder after wonder, surprise after surprise, are here revealed in amazing abundance. To depict such happenings on the screen has never been considered within the bounds of possibility. This crowning achievement has been accomplished by Douglas Fairbanks. It has received the highest endorsement that any picture has ever received.

#### Double Bill at Castle

"The Last Man on Earth," an amusing story of life in 1950 opens at the Castle theatre on today.  
This highly imaginative fantasy by John D. Swain first appeared in Munsey's Magazine, and was produced at the Fox West Coast Studios under the direction of Jack Blystone. It presents the unique situation of a world suddenly denuded of all men through a strange disease called "mascutitis." For ten years woman explorers kept up a search for an adult male but without success until a woman crook stumbled upon a hermit living far away from civilization in the depths of a large forest. She takes him back and sells

him to the nation for ten million dollars. From this point on the story develops a series of surprises that prove as amusing as they are thrilling.

A full house usually beats a pair, but "Our Gang" with Will Rogers in the cast, presents a real royal flush in their latest two-reel Hal Roach' Pathcomedy, "Jubilo, Jr.," which will be shown at the Castle theatre today and Saturday. It's a case of five aces and a joker, a thing that would cause a riot anywhere, and this fun-film should prove no exception. It's packed full of laughs with just a dash of pathos which makes a perfect seasoning.

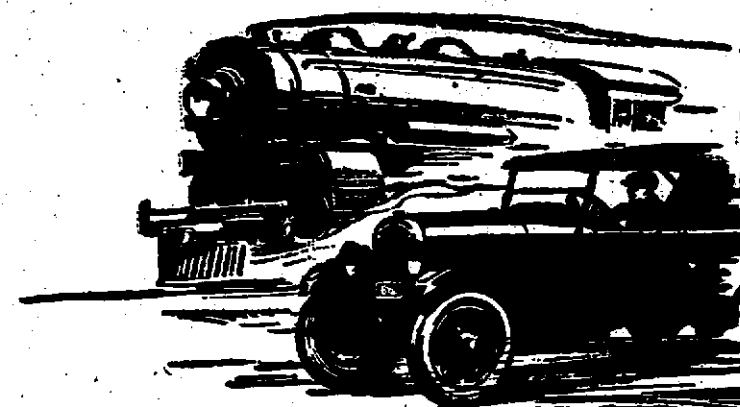

### FOR CHAPPED AND SORE HANDS

One of the most annoying troubles at this season of the year is chapped hands and face. This unsightly and painful trouble can be quickly relieved with CORONA Wool Fat Ointment—it has no equal for all skin disorders. Apply to the hands at night, cover with a pair of cotton gloves or bandage and the next morning you will hardly believe your own eyes—the pain and soreness will be gone.  
Corona is different from ordinary salves—it will not smart or blister the tenderest wound—soothes and stops pain quickly. Once used you will keep it on hand as a real "friend in need," for cuts, burns, scalds, old sores, bruises—any flesh wound, eczema, chilblains, etc. Large box only 6c at all drugists. Corona Manufacturing Co., Kenton, Ohio.

Their numbers are indeed beautiful — never before in any line have we seen such an array of color combinations and styles.

We especially invite the hard-to-fit, for we know they will find the proper last in almost any style desired.

## 58 Miles per Hour

25 Miles to the Gallon  
5-25 Miles in 8 Seconds

At one step, the new good Maxwell creates an immeasurably higher conception of the dollar's buying power in its relation to motor car speed and power.

The owner of this new good Maxwell finds in it an ability for sustained speed which wins his respect no matter how powerful the cars which he has driven before.

He becomes used to leading traffic in the city because of a flashing acceleration which is not surpassed by any car built today.

He finds himself enjoying these advantages at an operating and maintenance cost which owners declare

is lower than any previous motor car experience has ever taught them to expect.

For the cause of this revolutionary achievement, credit the engineering genius which produced the Chrysler Six, the wonderful plants in which the new good Maxwell is manufactured from wheels to body, from radiator to rear axle.

In this new good Maxwell, Chrysler engineers and Maxwell's fine workmanship have advanced the ability of four cylinders beyond anything the industry had previously produced. We enthusiastically invite you to let us prove Maxwell's superior quality and value.
